

16th International Scientific Congress National Center for Scientific Research

June 22 – 26
International Convention Center
Havana, Cuba

Announcement

Dear Colleagues,

It is a pleasure to announce the 16th edition of the International Congress of the National Center for Scientific Research CNIC'2015, which will take place from June 22 to 26, 2015, at the International Conference Center of Havana, Cuba. Every five years, this meeting brings together a large number of national and foreign specialists with the aim to discuss not only on the topics developed by the institution, but also for the exhibition of innovative products and technologies of the medical, pharmaceutical and biotechnological industries.

The Congress will be an excellent opportunity to commemorate the 50th anniversary of our institution, surrounded by the famous Cuban hospitality. We are honored to have your presence in this important occasion, with the certainty that this new edition will help to establish or strengthen ties of cooperation between specialists and researchers.

We are pleased to invite you to participate in the Congress, and to know more about our beautiful country.

Dra. Blanca Rosa Hung Llamas
General Director, CNIC
President of the Organizing Committee

June 22th, 2015: Accreditation. Congress Opening.

July 26th, 2015: Closing of the Congress.

OFFICIAL LANGUAGES: Spanish and English

ABSTRACTS

Although papers could be presented in either official language of the Congress, Spanish or English, **abstracts will be accepted only in written English.**

It is a requisite that at least one author of the paper registers himself and pays the corresponding registration fee.

Use any version of Microsoft Word to make the abstract document, which should be formatted to A4 page size with 2.5 cm margins and as font type use Time New Roman and single line spacing. The document should be saved in MS Word format (DOC) or preferably in Rich Text Format (RTF). The total area shall not exceed one page.

Use a font size of 16 points for the title, which should preferably consists of no more than 20 words.

Author names and affiliations should appear using a font size of 12 and 10 points, respectively. Although there is no limit for the number of authors, we would very appreciate if only the six first authors are included in the abstract to facilitate edition work. Underline the name of the author who is going to present the work.

Provide three to seven keywords for the document.

Limit the body text of the abstract to a maximum of 250 words without including the title, the author names and affiliations. Use a font size of 12 for the body text. The abstract should briefly express the structure of the whole document (Introduction, Materials and Methods, Results and Discussion, Conclusions). Please, don't use images, tables, formulae, complex symbols or acronyms in the body text.

The dead line for abstracts submission is March 31th, 2015.

All abstracts will be reviewed by the organizing committee, who will decide the acceptance of submissions as oral presentations or posters. All the abstracts of the accepted works will appear in the official CD-ROM of the congress.

HIGHLIGHTS

Development of pharmaceutical Finished Dosage Forms; Natural Products against Hypercholesterolemia, Benign Prostatic Hyperplasia, and Osteoporosis; New Vaccines against Infectious Diseases; Development of Vaccines Candidates against Cholera; Ozone Therapy; Environment and Development; Waste treatment; Corrosion studies; Quantitative Studies of Science and Technology; Audiovisual Means for Science and Technology.
